The Young Man's Fancy

Is supposed to turn to love in the spring, and we might add—to thoughts of clothes of brighter hue and more stylish cut than in the fall.

Smart-Sac Three Button Sack

exemplifies what the swell C. & B. tailoring does for the nobby young man of to-day who has a cultivated taste for dressing well. The fine tailored appearance at purchase is continued after wearing it. Made of well-shrunk selected fabrics, cut short-waisted and slightly full over the hips. The tailored touch in the design of the front and cut of the lapels makes it the select young man's expression of

Custom Tailor Style

as seen in the metropolitan cities. What does it cost to dress so well? CROUSE & BRANDBOER, Manufacturing Tailors, Utica, N. Y., answer that question with garments that make possible the wearing of clothes of individual effect at fair prices.

THE BEE HIVE

VICTIM IS IDENTIFIED

One of a Band of Counterfeiters Was Man Found in the Barrel.

OTHERS ARE IN SING SING

Had Gone to Make Division of Money and Quarrel and Murder Results.

Sing Sing, N. Y., April 20.—Joseph DePrimo, who recognized the picture of the barrel murder in New York, is doing a four-years' term in Sing Sing for counterfeiting. To Warden Johnson this afternoon DePrimo said:

"The man is Madunia Benedetto, my brother-in-law. I was sent here before there was a division of the money. All of us were not caught and I was entitled to my part. I sent for Madunia to come and see me. He came one week ago last Saturday and I instructed him to get my share. They must have quarreled over the money and he was killed."

New York, April 20.—Chief Finn says that he believes that a motive for the crime is clearly established. He thinks that Madunia came down here from Buffalo to buy counterfeit money and to get possession of DePrimo's effects, jewelry and such money as was due DePrimo from the workings of the band. It is believed that Madunia was held off for two or three days in the matter, that it was learned that he was about to put himself in communication with the police or government secret service men, and in order to provide for this and at the same time not seek to be afraid of one single man, a decision was reached to murder him. Two additional identifications of the body as being that of Madunia Benedetto were made today. Vincenzo Pecorano said he knew Madunia two years ago when they both lived in Elizabeth. Salavado Magellis, a barber, made the second identification.

WIFE IDENTIFIES PICTURE. Buffalo, April 20.—The New York detective, Petrosini, arrived at Buffalo this evening. He went at once to Trenton avenue. Mrs. Lucia Madunia identified the picture of the man found in the barrel as that of her husband. One of the family will go to New York tomorrow to identify the body.

MANEUVERS OF ROOSEVELT. President Has About Ended Park Tour and Will Soon Resume His Trip. Cinnabar, April 20.—President Roosevelt has about completed his tour of Yellowstone park. Today he is at Fire Hole basin. Tomorrow he will return to Norris Geyser basin, and go from there to Grand canyon, where Upper and Lower falls are situated. He expects to return here Wednesday and remain until Friday, when he will resume his trip. Members of the president's party, who have been living on the train at Cinnabar since April 3, will probably join the president in the park Thursday morning.

PROGRAM OF PRESIDENT. Butte, April 20.—A Billings special to the Miner says: President Roosevelt will pass through Billings next Saturday morning at 12:49 enroute east. Superintendent Phean of Alliance, of the Burlington, will be in charge of the pilot train which will precede that of the president over the Burlington system through Nebraska. President Roosevelt's itinerary has been changed to provide for a stay of an hour at Edgemont, S. D., instead of five minutes, as previously announced. This is done in order that the president may give a reception to his numerous friends in the Black Hills country, as his tour does not contemplate a visit to that section.

EFFECTS LABOR PROBLEM. Billion Dollar Drink Bill Would Settle Many Differences. Chicago, April 20.—"The danger in the huge national liquor bills reaches beyond misery and moral degradation. Civilization itself is menaced by the growing economic waste."

With this statement, D. D. Thompson editor of the Northwestern Christian Advocate, opened a lecture last night on "Economic Aspects of the Liquor Problem." The First Methodist Episcopal church, in which he spoke, was well filled. He said the view of the danger was not the idea of a prohibitionist fanatic, but of a scientific investigation by Dr. E. R. L. Gould, lecturer on social economics and statistics in John Hopkins University, a special commissioner of the United States Department of Labor, who had investigated the effects of liquor in Europe and this country.

"The most important, though as yet scarcely observed, new phase of the temperance movement," he continued, "is the economic. The economic phase is so many-sided and appeals to so many selfish interests that it attracts classes of men who regard the moral aspect of temperance with indifference. Business men and workmen will in time come to realize that the liquor problem concerns them vitally and that the one billion dollars now annually spent for drink in this country would settle many labor problems and help to settle many more. Perhaps the most important lesson to be imposed upon the rising generation is that their business and industrial future will depend upon whether they use alcohol."

VANDERHILT MAY MARRY. New York, April 20.—Justice Geiger today in the supreme court signed an order permitting W. K. Vanderbilt to marry again. The order modifies the decree obtained by Mrs. Alva E. Vanderbilt in 1905 by which Mr. Vanderbilt was forbidden to marry within the life of his divorced wife. The application for the order was supported by affidavits made by United States Senator Dewey and Ev. W. Roosevelt, and sets forth the fact that Mr. Vanderbilt is now in Paris, and that he is desirous of forthwith contracting another marriage.

WILL CHANCE IT AGAIN. New York, April 20.—The Tribune tomorrow will say: William Kissam Vanderbilt will wed a week from tomorrow in London. Mrs. Lewis M. Rutherford, daughter of Oliver Harriman of New York. This will be her third marriage and his second.

SENATOR STONE FIRE EATER. Kansas City, April 20.—United States Senator Stone, who addressed the Missouri Democratic Press association tonight, made an elaborate explanation of "baking powder" legislation and bitterly denounced the daily newspapers of the state, which, he declared, had "hounded" him outrageously. In closing, Senator Stone said: "I hope God will wither my hand, rattle my tongue and burn my heart in flames of hell before I will intentionally dishonor any position to which the people of Missouri elect me."

MANY ERRORS ARE NOTED. St. Paul, April 20.—Thirty-four points of error are alleged by the counsel for the Northern Securities company and other defendants in their appeal from the decision of the circuit court in the merger case. Exceptions are noted to every paragraph in the decree and the court is decided to be in error in rendering any decision save one for dismissal of petition and proceedings.

CHILDREN DROWNED, MEN SAVED. Baker City, April 20.—Mildred Chipman, aged 5, and Bernard Chipman, aged 11, were drowned in the Snake river near Ballard's Landing today. In company with their father and two other men they were crossing the river when the boat capsized in mid-stream. The men saved themselves.

BENSON FOUND GUILTY. Tacoma, April 20.—Charles Benson, on trial at Olympia for the murder of Jailer Merrill, was tonight found guilty of manslaughter after the jury had been out seven hours. Instructions of the judge were such that the jury could hardly find a verdict of murder.

FOLK WILL NOT GIVE IN

Refuses to Restrict Himself in the St. Louis Boodle Cases.

LEE IS NOT VINDICTIVE

So Says His Brother, Who Explains Why He Stays Out of the State.

St. Louis, April 20.—The leaders in the boodle investigation, Circuit Attorney Folk and Attorney-General Crowe, joined forces today to jointly conduct the legal inquiry, which will adjourn temporarily tomorrow afternoon. During the day an emissary from Lieutenant-Governor Lee called on Attorney Folk with the proposition that if an agreement could be reached to question Mr. Lee only about the slum deal, he would appear before the grand jury. Circuit Attorney Folk told his visitor that he could not promise to restrict himself in any part of the inquiry and the conference was fruitless.

Robert E. Lee, brother of the absent official, received another letter from Lieutenant-Governor Lee which was mailed in Chicago. In further explanation of his brother's absence, Mr. Lee said: "He will remain away until I think it advisable for him to come back. One reason that he is away is that he does not wish to assist the St. Louis grand jury in indicting for perjury certain members of the legislature who have testified before it. My brother is not vindictive, and though these have proved themselves his bitter enemies, he does not want to assist in indicting them." Lee concluded by insisting that his brother does not fear an indictment of himself.

WILL ASK FOR MILITIA. War Between Sweetwater Cattlemen and Sheepraisers. Denver, April 20.—A special to the Republican from Cheyenne, Wyo., says: The sheepmen of the Sweetwater country have declared open war upon the cattlemen and a clash is imminent unless steps are at once taken to get the warring factions together on the proposition of a satisfactory division of the ranges of that section. Information from Lander is to the effect that the militia there may be called out to prevent a general fight and much bloodshed. Sheriff Charles Stough of Lander has gone to the range country to investigate the situation and if he finds the condition of affairs as alarming as has been reported, he will immediately make a formal request of Governor Richards for at least one company of the state militia to patrol the ranges. Recently the sheepmen of the Sweetwater country have received copies of a circular letter notifying them that sheep would not be permitted to graze within certain boundaries. At a meeting of the executive committee of the Fremont County Woolgrowers' association Saturday last, resolutions were adopted holding accountable to any member of the association whose personal and property rights shall be violated, the person and property of the "dead-liners" and pledging full financial and other support to the defense of the lines and lives of the property of the members of the association. The resolutions characterize the drawing of "dead lines" as a violation of federal statutes and call upon both federal and state officials, other woolgrowers associations and all persons interested for assistance.

KING HONORS AMERICAN. General Wood Will Not Have to Wait for an Audience. Rome, April 20.—Brigadier-General Wood, who is hurrying through Rome to Egypt, wished to have an audience with King Emanuel. His application was presented yesterday by Ambassador Meyer and was answered today appointing an audience for tomorrow, which is considered a great act of courtesy shown by the king to the American army as sometimes weeks elapse before an audience is granted.

ENORMOUS LOSS OF SHEEP. Fifty Percent of Flocks Expected to Be Dead By Spring. Salt Lake, April 20.—Between the ravages of an unusually severe winter and the breaking out of a malignant disease known as "big-head" among their flocks, within the past few weeks, the Herald says, the sheepmen of Utah,

A ROYAL RECEPTION. Valetta Island of Malta, April 20.—King Edward today reviewed 8000 blue-jackets and marines and later, with elaborate ceremony, he laid the foundation stone of the breakwater, which is to protect the entrance of the grand harbor. Many distinguished persons were present.

NEW YORK CENTRAL LOSES SUIT. New York, April 20.—A verdict for \$75,000 damages was awarded by the jury in the supreme court today in a suit brought against the New York Central railroad by heirs of Alfred Perrin of New Rochelle, former president of the United States Paper Bag company, who was killed in the Park avenue tunnel recently.

ENORMOUS FIGURES. Cost of Boer War Makes England's Liabilities Large. New York, April 20.—The Daily Telegraph, according to the Tribune's London correspondent, calculates that the total gross liabilities of the United Kingdom amount to £500,000,000. This compares with £333,000,000 in March, 1899, so that the Boer war may be said to have added £167,000,000 to the British national debt.

Denver, April 20.—A special to the Republican from Cheyenne, Wyo., says: The sheepmen of the Sweetwater country have declared open war upon the cattlemen and a clash is imminent unless steps are at once taken to get the warring factions together on the proposition of a satisfactory division of the ranges of that section. Information from Lander is to the effect that the militia there may be called out to prevent a general fight and much bloodshed. Sheriff Charles Stough of Lander has gone to the range country to investigate the situation and if he finds the condition of affairs as alarming as has been reported, he will immediately make a formal request of Governor Richards for at least one company of the state militia to patrol the ranges. Recently the sheepmen of the Sweetwater country have received copies of a circular letter notifying them that sheep would not be permitted to graze within certain boundaries.
